- **Scientific Rangoli Competition**
 - ✓ Maximum 5 students can participate in a group
 - ✓ Timing will be 1.5 hour for making Rangoli

World Ozone day-16th September 2024
Theme: Ozone for Life: 35 Years of Global Cooperation

Organized by
Department of Botany
DPG Degree College, Gurugram
Venue-Conference Hall, 2nd floor, Block-A

Fig Flyer of the Program

On September 16, 2024, the Department of Botany, D.P.G. DEGREE COLLEGE SEC-34, GURUGRAM event to commemorate World Ozone Day. Ozone day is celebrated across the world to raise awareness about the ozone layer's significance and the crucial role it plays in safeguarding life on Earth. The purpose of the event was to educate students and others about ozone layer depletion and the steps that may be taken to safeguard it. The event was held in the presence of esteemed Principal Sir (Prof.) and other professors in Conference Hall, 2nd floor, Block A of College. Students participated in this awareness activity by video presentation, model making Posters presentation and scientific Rangoli competition. They made young people aware of the importance of the ozone layer to us, as well as the causes and consequences of ozone depletion. They also educate people about mitigation techniques and their individual role in ozone layer conservation and protection. The theme for World Ozone Day 2024 is **“Ozone for Life -35 years of global cooperation”**. The department is committed to its purpose of educating and inspiring nationals to become environmental stewards, and activities like World Ozone Day help to achieve this aim. We want to thank all of the attendees, presenters, and volunteers who helped make this event a success.

World Food Day is an international day celebrated every year around the world on 16 October in honour of the date of the founding of the Food and Agriculture Organization of the United Nations in 1945. The students of College virtually celebrated World Food Day in their own creative manner. They made fruit trifle using multi grain bread topped with finely chopped fruits mixed in whipped cream, healthy sandwiches with wheat bread, tomatoes, onions, corns and cucumber.

The students were motivated not to waste food as wasted food means wastage of money and efforts which is never good for anyone. It is important to eat a variety of fresh fruits and vegetables that are loaded with significant nutritional value and health benefits.

The Principal and professors encouraged students to adopt healthy eating habits as eating well is fundamental to good health and well-being. Healthy eating helps us to maintain a healthy weight and reduces the risk of many diseases.

An **IDEA TO IMPACT MOTIVATIONAL SESSION** on **Mushroom Substrate Making and Culture Technology**” was organized by the Department of Botany in DPG Degree College. This lecture was given by "Mr Manas Dubhashi", an Entrepreneur, Founder and CEO, Kalpavriksha Garden.

During this, students of various departments of DPG Degree College located in Sector 34 participated enthusiastically. During this event, Chairman of DPG Degree College Rajendra Gehlot, Vice Chairman Mr. Deepak Gehlot, Dr. S.S. Bokan, Dr. Madhavi Bhatia, Registrar Mr. Ashok Gogia and Dean Academic Dr. Dharamveer Singh were present. The program was started by Dr. Amita Singh, Head of the Botany Department, by telling the children about the cultivation and nutrition of mushrooms. After this, Mr. Manas shared some of his life experiences with the students. During this program, Dr. Anita, Mrs. Nidhi Jain, Dr. Uzma Sayyed, Ms. Priya Sharma and Dr. Sonali were also present and made important contributions in the smooth conduct of the program. At the end of the program, Dr. Amita Singh, Head of the Department of Botany, thanked everyone for attending the program.
